

WINTER PROMOTION

Advancing productivity with latest technology

Promocode: **FY24-02-SP**

Purchase 10 pcs of inserts* per pocket and
get 1 corresponding toolholder free of charge

90° tangential milling cutter

MA90

For endmill long shank type = MOQ 30 pc.
(Description: MA90-...-CL)

45° face mill

MB45

* Grades can be mixed

High feed milling

MFH+PR18

MFH Mini/Harrier/ Boost: In case of 2 insert pocket: MOQ 30
MFH Micro: In case of 1 insert pocket: MOQ 30

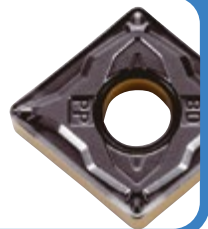

MFH promotion contains only PR18 series insert grades.

Purchase 30 inserts and receive 10 inserts
of the same grade free of charge

CVD carbide for steel turning

CA125P/CA115P

For continuous to interrupted cut

Purchase 5 inserts and get 1
corresponding toolholder free of charge

High efficient drilling

MagicDrill DRA

+BONUS

*Details can be referred
on 2nd page

General conditions

- The promotion is valid through 02.10.2023 until 27.03.2024.

LONGER TOOL LIFE WITH
NEXT-GENERATION COATING
FOR MILLING AND TURNING

Introducing new PVD coated carbide grade series PR18
Longer tool life, higher wear and fracture resistance, applied to the new milling cutter series MA90 and MB45 and also to others, like MFH.

New 90° tangential milling cutter

MA90

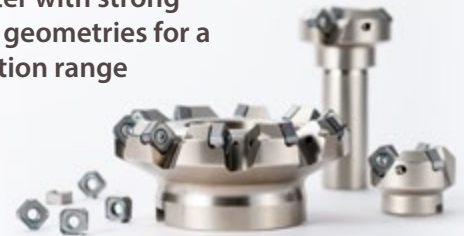

High finishing surface accuracy by rigid tool-holder design and with G-class ground inserts

New 45° face milling cutter

MB45

Versatile cutter with strong repertoire of geometries for a wide application range

High feed milling

MFH Series

High feed milling cutter series with a wide range of grades and geometries.

For steel turning – Continuous to interrupted cut

CA125P/CA115P

New CVD coated carbide with good chipping resistance and flank wear resistance

NEW PMG
chipbreaker
For Medium to Roughing

High efficient drilling

MagicDrill DRA

NEW FTP-H available for steel beam application

Based on order quantity per month, you are able to receive Kyocera knives on top!

Inserts quantity	Knives FOC for you
